- Refresh rate: 50 Hz

Screen and controls:

- Internal screen: 800x600, 0.6" diagonal, AMOLED
- Image modes: Monochrome (White Hot / Black Hot) and 4-color palette

The ZEP ACT stands out for its compactness and performance, but above all for its versatility.

With its 4-in-1 format, it can be used as a portable observation device, as a standalone aiming system, as a thermal clip-on coupled with a rifle scope, or as a helmet-mounted IL.

Developed and produced for professionals, this thermal monocular boasts unwavering reliability. Meeting military protection standards and backed by a 7-year warranty, this ITAR-free model will withstand the most extreme operating conditions.

Fully customizable by the user and offering 8 configuration modes, it can be quickly set up by the operator. Its accessible control buttons ensure easy device configuration.

Product intended solely for government agencies and companies with the necessary acquisition authorizations.
