- **Warranty:** 2 years

Designed for demanding shooters, this sight is perfectly suited to tactical missions, intensive training and extreme weather conditions.

Robust construction and total waterproofing

With its **reinforced aluminum body** and fully **sealed** electronics, this sight withstands shocks, bad weather and even immersion up to **10 meters** . It is designed to last, even in hostile environments.

Ergonomics optimized for professionals

The **21mm Picatinny quick release** is secure and play-free. The housing is contoured for instant cleaning, even with gloves, thanks to its **anti-reflective coated flush lens** , similar to the sapphire

crystals of Swiss watches.

Fast and accurate aiming

The **65 MOA circle reticle with 2 MOA center dot** allows for fast and accurate target acquisition at short and medium ranges. The sight retains the last used brightness even after turning off.

Smart electronics

The built-in **motion sensor** automatically turns the device on or off. After 5 minutes of inactivity, the device goes into standby mode. It shuts down completely after 2 hours. This ensures a **record-breaking battery life** of up to 4,000 hours, depending on usage.

Intuitive controls

The smart brightness adjustment button offers **10 daytime and 10 nighttime levels** , accessible with or without gloves. Suitable for **night vision devices** .
