Flat armored head for accuracy and consistency on target.

.357 Magnum ammunition with flat-nose FMJ bullet ideal for range training, providing penetration and sharpness of impact.

- Caliber: .357 Magnum
- Bullet Type: FMJ Flat Nose
- Ball weight: 158 gr (10.2 g)
- Ballistic coefficient: 0.179
- Packaging: box of 50 units

Designed for sport shooters who prioritize consistency and readability on target, the **GECO .357 Magnum FMJ Flat Nose cartridge** combines excellent build quality with a flat-nose bullet, ideal for clean, grouped shots on the range.

FMJ Flat Nose: precision and visibility

The **FMJ Flat Nose bullet** promotes clean target cutting, making it easier to read the results immediately. This profile also improves the bullet's stability in the air, contributing to a more consistent trajectory, essential for high-tempo training.

Proven Geco design

Each cartridge undergoes rigorous quality control and uses proven components: modern, reliable-firing primers, a brass case, and a jacketed lead bullet. The result: consistent reliability, smooth shooting, and limited weapon wear.

- Recommended barrel length: 150 mm (6 inches)
- Standard lead
- Speed at 10 m: 386 m/s / 25 m: 374 m/s / 50 m: 354 m/s

- Energy at 10 m: 761 J / 25 m: 713 J / 50 m: 638 J

Ammunition of choice for the sporting revolver

Ideal for revolvers chambered in .357 Magnum, this FMJ Flat Nose cartridge meets the needs of shooters seeking a good compromise between performance, comfort and accuracy. A reliable reference for all target shooting enthusiasts.
