The ergonomic handles make it easier to change the hand protectors with one hand on the AR15 and M16.

Just hang the empty magwell, place the profiled rods around the Delta Ring, tighten the handles and pull down to compress the Delta Ring.

Remove the hand guard with your free hand.

It's so simple.

Product presentation:

- Delta Ring perfectly adjusted profile rods
- Magnetic hook fits securely into empty magwell
- Coated rods protect the finish of the ring
- Ergonomic handles require less hand strength
- One-piece steel rod provides resistance to tough rings
