Rifle of high manufacturing quality, with a modern and avant-garde design.

The elements are machined on the [HERA ARMS](#) production site in Germany from 7075-T6 aluminium, with a final treatment in black Cerakote, ensuring resistance to the elements and external aggressions.

Its 20" barrel has a 5/8x24 TPI thread, allowing the addition of a silencer.

The cylinder head group is subject to multiple tests in order to detect any manufacturing defect or weakness of the metal, in accordance with military specifications: Magnetic treatment, shot-blasting, Nitrided.

Perforated hand guard offering both weight gain and allowing good evacuation of heat from the barrel.

The rifle has a Hera CCS buttstock adjustable in length in 6 positions, made of reinforced fiberglass polymer. It adapts to standard A2 AR10/AR10 tubes.

[HERA ARMS](#) pistol grip in polymer and injected fiber. This handle includes an internal compartment for storing batteries, cleaning kit, paracord, tools, parts etc...

An ideal weapon for shooting at medium and long range.
