- **Pin punch:** Small integrated pin punch + large removable pin punch
- **Wire cutter:** Integrated
- **Bottle opener:** Yes
- **Locking mechanism:** Reinforced liner lock
- **Attachment:** MOLLE compatible carabiner

A veritable pocket workshop for the rifle

The **Real Avid Gun Tool CORE® Shotgun** brings together the essential tools needed for **shotgun** maintenance, adjustments, and minor repairs. Its compact size makes it easy to carry in the field or at the shooting range, ensuring you always have the right tool at the right time.

A universal wrench compatible with most chokes

The tool incorporates a **universal choke tube wrench** compatible with **.410, 28, 20, 16, 12 and 10** gauges. It facilitates the mounting or dismounting of chokes, even when they are tightly tightened, and allows the rifle to be quickly adapted to shooting or hunting conditions.

Simplified optics adjustments and maintenance

The **Gun Tool CORE®** also includes a dedicated tool for adjusting **scopes** and **red dot sights** . The two pin punches allow for the disassembly of certain components for routine maintenance, while the integrated shell extractor facilitates the removal of a stuck shell if necessary.

A rugged design for the terrain

Its design features a **reinforced Liner Lock,** ensuring secure use of the 1.5-inch blade. The integrated carabiner allows for quick attachment to a bag, vest, or **MOLLE-** compatible gear, so the tool remains readily accessible.

Functions useful on a daily basis

In addition to the specific functions for weapons, the tool includes a **wire cutter** , a **bottle opener** and a multi-function blade, offering appreciable versatility both in the workshop and outdoors.

FAQ

Which choke calibers is this tool compatible with?

The universal key is compatible with choke tubes of .410, 28, 20, 16, 12 and 10 gauge.

Can it be used to adjust a scope or a red dot sight?

Yes. The CORE® Shotgun Gun Tool includes a tool for making common adjustments to rifle scopes and red dot sights.

Is the tool easy to transport?

Yes. Its compact size and MOLLE-compatible carabiner allow it to be easily attached to a bag, belt, or field equipment.
