KIJ220	KJI K800 Carbon + Reaper Picatinny	Vente libre	163	2640	830.00 € incl. tax

An extra light tripod with its specific mounting for picatinny rail allowing shots with ultimate precision

A high-end shooting tripod used by sports shooters, hunters and law enforcement for standing, sitting or lying down shooting.

- Machined from carbon fiber
- Reversible 3/8"-16 or 1/4"-20 thread for mounting a weapon rest head
- 3 foot spread positions
- Legs with 4 extensions with robust locking system
- Maximum authorized load: 9 kg
- Height-adjustable and reversible central column equipped with a hook to weight the tripod.
- Fully extended height: 163 cm
- Fully folded height: 48 cm
- Weight: 1.746 kg

The REAPER RAIL provides safe and effective attachment to the rifle's 21mm picatinny or weaver rail. This combo is perfectly suited for longer range shooting with the AR15 or AR10.

The mounting head benefits from numerous adjustments in elevation, drift and slope in order to be able to adapt to all shooting grounds.

REAPER RAIL PICATINNY mounting head

- Ultra sturdy aluminum construction
- 21mm Picatinny / Weaver Rail Mount
- 360° rotation with lock
- Tilt adjustment to 22°
- 109° elevation range (21° up and 87° down)

- Offset head to facilitate weapon handling
- Mounting on 3/8''-16 or 1/4''-20 thread with the supplied adapter
- Weight 894g

Model designed in carbon for incredible lightness and resistance. They are intended for sport shooters and hunters looking for an easy to transport shooting support, while offering excellent shooting stability.

Developed for precision, KJI tripods are intelligently designed to provide the shooter with incredible shooting comfort and stability.

Initially dedicated to members of law enforcement, the KJI PRECISION shooting supports do not compromise on quality, resistance and finishes. They provide secure support for the weapon and relieve the shooter who has to keep his position for long hours.

Its adjustable feet coupled with interchangeable rubber pads allow it to adapt to all types of terrain, even the most uneven.
