An AR15 with original dimensions equipped with a short handguard and an A2 flash hider

- 14.5" 1:9 pitch rifled barrel with 1/2x28 thread
- 9" M-LOK handguard
- CCS telescopic stock with 6 positions
- Ambidextrous fire selector and bolt stop
- Type A2 flash hider
- Starting weight adjustable to 1.5kg and 2.5 kg
- Delivered in a case with a code logo, with 2 10-shot magazines and a fire selector customization kit

An Ar15 with the original dimensions of the M4 with its long barrel and short handguard. However, it is modernized with its sporty line and its M-LOK system. The short handguard facilitates the fitting of a silencer or sound moderator, while saving weight.

Produced entirely in Germany with the exception of the cylinder head which is made in the USA, this AR15 stands out from the competition with its sleek and daring design.

On the mechanical side, it has nothing to envy to its American cousins. The 15Th offers a level of reliability, part fit, durability and on-target accuracy.

You have a premium AR15, offering an excellent custom base, and supplied with quality accessories. Indeed, its coded rigid case allows secure transport of its weapon.

It also comes with an additional trigger spring, to modify its starting weight, as well as 3 separate fire selectors, to customize its levers according to your desires.
