- Machined from polymer
- dual-stack type charger.
- 60 round capacity
- Compatible with AK platforms chambered in 7.62x39mm
- Easily removable for maintenance

An innovative magazine with a "Double stack" type ammunition layout to limit the size of the magazine, which is close to the format of a 30-shot magazine.

Using the design of a classic chagreur, its operating principle is simple, with 2 springs and a lifting board. It avoids any firing incident, which may be caused by a complex mechanism, or by the presence of sand or mud, inside.

Compatible with the use of a silencer.
