The ZIG M1911 is a clone of the 1911 Government resuming its original lines with however, multiple evolutions.

It is equipped with combat-type fixed sights, with a dovetail mounting, an elongated "beaver tail" safety pedal, for better grip, a perforated stainless steel trigger, gripping grooves at the front as well as at the rear of the cylinder head, facilitating loading and unloading operations.

With internals compatible with COLT 70 series parts, the ZIG M1911 provides an excellent basis for performance enhancement and customization.
