Protect your guns against dirt and corrosion

- Ceramic surface treatment
- For all types of materials (Steel, alloy, plastics and wood)
- Long-lasting protection against corrosion, dirt and residue.
- Uniform distribution over a large surface
- Does not cause dripping
- Quick drying and temperature resistant
- Suitable for modern and ancient weapons
- Brings a smooth and uniform appearance to the material

FLUNATEC Gun Coating was developed to protect the coatings and tans of your guns.

Forming a thin ceramic-based film, it protects surfaces from corrosion and dirt deposits, making cleaning easier. You will retain the original appearance of your weapon and prevent the appearance of rust, especially if your handgun, rifle or shotgun is exposed to humidity.

Its long-lasting resistant design will allow it to withstand high heat due to shooting, water, solvents or oils.

FLUNATEC Gun Coating is compatible with different oils, especially when lubricating moving parts.

For maximum efficiency and perfect adhesion of the product, it is necessary to clean and degrease the surfaces to be treated.
