Pack consisting of the following FLUNATEC elements:

- FLUNATEC Gun Coating:
  - Ceramic surface treatment
  - For steel, alloy, plastics and wood
  - Capacity 100 ml
- FLUNATEC Gun Degreaser
  - High-performance and effective degreaser
  - Suitable for steels, plastics and rubbers
  - Capacity 50 ml
- FLUNATEC Bore Pro
  - Non-aggressive ammonia-free solution for guns
  - Allows the removal of gunshot residue, copper and lead
  - Capacity: 50 ml
- Microfiber cloth
  - Dimensions 40 x 40 cm

Pack composed of the following FLUNATEC elements:

1 / FLUNATEC Gun Coating

- Ceramic surface treatment
- For all types of materials (steel, alloy, plastics and wood)
- Long-lasting protection against corrosion, dirt and residue.
- Uniform distribution over a large area
- Does not cause dripping
- Quick drying and temperature resistant

- Suitable for modern and antique weapons
- Provides a smooth and uniform appearance to the material
- Capacity 100 ml

2 / FLUNATEC Gun Degreaser

- Powerful and effective degreaser
- Suitable for steels, plastics and rubbers
- Easy and economical application with its drip bottle.
- Apply with a dry cloth and wipe immediately
- Does not attack paint, tan and other surface treatments
- Can be used manually or in an ultrasonic tank
- Capacity 50 ml

3 / FLUNATEC Bore Pro

- Non-aggressive ammonia-free solution for cannons
- Allows the elimination of gunshot residue, copper and lead
- Capacity: 50 ml
- Do not apply to bronzed steel or other coatings, plastic or wood.

4 / Microfiber cloth

- Dimensions 40 x 40 cm

FLUNATEC Gun Coating was developed to protect the coatings and tans on your weapons.

Forming a thin ceramic-based film, it protects surfaces from corrosion and dirt deposits, making cleaning easier. You will preserve the original appearance of your weapon and prevent the appearance of rust, especially if your handgun, rifle or shotgun is exposed to humidity.

The FLUNATEC Gun Degreaser removes all stubborn gunshot residue and prepares the surface to spray the FLUNATEEC Gun Coating composed of a ceramic-based solution

FLUNATEC Bore Pro is a solvent dedicated to cleaning the barrel. Designed without ammonia, it allows effective elimination of lead and copper residues, without attacking the steel of the barrel.
