- Quickly interchangeable screen
- Quick Release detachment system for adaptation to ballistic helmets
- Delivered in its semi-rigid cover, with its elastic harness and a microfiber case
- Frame material: NYLON / TPE
- Lens material: Polycarbonate 3 mm
- Braid material: Rubber

A tactical goggle that provides maximum protection and wearing comfort thanks to its ventilated frame and anti-fog treatment.

This mask adapts to the different types of missions on which its user will be engaged (Shooting session, OPEX, Maintaining order, etc.)

Its level of ballistic protection, certified STANAG 4296, EN170 and EN172, provides all the necessary security to protect against splinters, fragments, projectiles and falls.

These protection standards also ensure product durability over time, with anti-fog and scratch protection, as well as material resistance against prolonged exposure to sunlight and UV.
