The ultimate workstation for the servicing, assembly and maintenance of long guns.

The **Real Avid Master Gun Workstation®** securely holds **rifles** and **shotguns** thanks to **Gun Gripper™** technology and its one-handed clamping system. Its **micrometric adjustment** , numerous integrated storage compartments, and **Smart-Assist™** compatibility make it a complete workstation for maintenance, scope mounting, and gunsmithing.

- **Type:** Maintenance and armory station
- **Compatibility:** Rifles and shotguns
- **Retention system: Gun Gripper™** with protective foam
- **Adjustment:** One-hand quick tightening
- **Front adjustment travel:** Up to 18.3" (?46.5 cm)
- **Optical adjustment:** Micrometric leveling wheel ±3°
- **Accessory compatibility: Smart-Assist™**
- **Storage:** Metal tray, magnetic compartments, tool and chopstick holders
- **Mounting:** Non-slip feet, can be clamped or bolted

A veritable armory station

The **Real Avid Master Gun Workstation®** redefines how you maintain, repair, or customize a long gun. Unlike a simple vise, this station offers a modular support system specifically designed to effectively hold **rifles** and **shotguns** during all maintenance or assembly operations.

Secure grip thanks to Gun Gripper™ technology

The exclusive **Gun Gripper™** system naturally conforms to the shape of the handguard, barrel, or stock to ensure a firm grip without damaging the surfaces. Protective foam pads prevent scratches, while the quick-release clamping system allows for one-handed locking and unlocking of the firearm.

Ideal for mounting optics

The station incorporates a **precision leveling wheel** allowing micro-adjustments of up to ±3°. This feature facilitates the mounting and alignment of scopes or red dot sights while ensuring stable weapon positioning during adjustments.

A perfectly organized workshop

Everything has been designed to improve working comfort. The metal base acts as an **oil-resistant tray** , while numerous storage compartments accommodate cleaning rods, brushes, pin punches, jags, solvents, and small parts. Magnetic holders keep screws and components within easy reach to minimize the risk of loss.

Compatible with the Smart-Assist™ system

The **Master Gun Workstation®** is compatible with Real Avid's **Smart-Assist™** accessories. LED lights, magnifying glasses, or smartphone holders can be added to improve visibility and allow for hands-free operation during the most intricate tasks.

Designed for enthusiasts and professionals alike

Whether for a complete cleaning, accessory replacement, light gunsmithing, or optic mounting, this station offers remarkable stability and ergonomics designed to save time. Its robust construction makes it a durable piece of equipment intended for intensive workshop use.

FAQ

Which weapons are compatible with the Master Gun Workstation®?

This station is designed to hold the majority of rifles and shotguns thanks to its modular adjustment system and its 46.5 cm stroke.

Can a scope be mounted with this station?

Yes. The micrometric leveling wheel facilitates precise alignment of the weapon when mounting and adjusting optics.

Is the Master Gun Workstation® compatible with Smart-Assist™ accessories?

Yes. It is designed to accommodate Smart-Assist™ accessories, such as the LED lamp, magnifying glass, or smartphone holder, to improve working comfort.
