- **Support:** Adjustable smartphone holder
- **Arms:** Flexible and independent
- **Mounting:** Smart-Dock™ universal system

A more practical and efficient workstation

The **Real Avid Smart-Assist™ Quick-Connect System** brings a new dimension to firearm maintenance and servicing. Thanks to its modular **Quick-Connect™** system, accessories can be quickly positioned exactly where they are needed, leaving both hands free for precise work.

A fully modular Plug & Play system

The **Smart-Dock™** allows accessories to be attached to the **Master Gun Vise®** , the **Master Gun Workstation™** , or directly to a workbench. Independent flexible arms provide precise positioning of each piece of equipment according to the user's needs.

Three essential accessories all in one kit

The Essential 3-Pack includes a **rechargeable 180-lumen LED lamp** with three lighting levels to illuminate hard-to-reach areas, a **5-inch magnifying glass** for easy detailed work on small parts, and a **smartphone holder** for hands-free access to tutorials, exploded views, or technical documentation.

Improved ergonomics for precision work

By improving visibility and workstation organization, the Smart-Assist™ system reduces unnecessary handling and facilitates delicate cleaning, assembly, or maintenance operations. Its intuitive operation allows for quick adaptation of the workbench configuration to the needs of each task.

FAQ

Is the system compatible with a standard workbench?

Yes. The Smart-Assist™ can be mounted directly on a workbench or used with the Real Avid Master Gun Vise® and Master Gun Workstation™ supports.

What accessories are included in this Essential 3-Pack version?

The kit includes a Smart-Dock™, a rechargeable 180 lumen LED lamp, a 5-inch magnifying glass, and an adjustable smartphone holder.

Is the lamp rechargeable?

Yes. The integrated LED lamp is rechargeable and offers three intensity levels to adapt the lighting to different maintenance operations.
