The RAV-1 EDC folding knife from the famous company Real Avid. Designed to meet everyday challenges.

The Rav-1 from the Rav series by Real Avid Blades. Designed to be ready for use, this carry knife features a nylon handle and a modified 3.25-inch clip blade made from 4Cr14 with a black oxide finish. Equipped with a liner locking mechanism, the Rav-1 guarantees safe handling in all situations.

- Handle material: Nylon
- Blade length: 3.25 inches.
- Blade Profile: Modified Clip Point
- Blade material: 4Cr14
- Blade Finish: Black Oxide
- Lock type: Liner Lock

The 4Cr14 stainless steel blade is resistant to conditions of use and bad weather. The nylon handle is easy to clean, and the applied sight pattern helps you grip the knife more firmly. The center of gravity is located at the index finger, which facilitates use. The Liner Lock protects against accidental closing of the blade.

The head of the knife is a modified Clip Point for better performance during use. A double-sided dowel without an assist spring allows the blade to be extended effectively. The back of the blade is contoured for better thumb support. Manufacturer's markings are on the clip and both sides of the blade. The clip itself is one-sided, but it can be unscrewed, as it is secured with two Torx screws.
