EN10063	Real Avid RAV-3 knife	Vente libre	8.25	19	126	63.00 € incl. tax

**The RAV-3 EDC folding knife from the famous company Real Avid.**

Designed to meet everyday challenges. It will be appreciated by anyone who needs a robust and simple tool that will perform the task assigned to it well. The appropriate thickness of the blade guarantees the durability of the work. The grooved patterned handle allows the knife to be gripped and held securely. A metal clip allows the knife to be attached to the belt securely.

- Handle material: Aluminum + SS
- Blade length: 3.25 inches.
- Blade profile: Drop Point
- Blade material: 8Cr13MoV
- Blade Finish: Black Oxide
- Lock type: Liner Lock

The 8Cr13MoV stainless steel blade is resistant to conditions of use and bad weather. The aluminum and stainless steel handle is lightweight and durable, and the applied frets help you grip the knife more firmly. The center of gravity is at the height of the middle finger, which makes it easier to use the knife. The Liner Lock protects against accidental closing of the blade.

The blade has a Drop Point profile, which provides better performance during use. The spring-assisted flip allows the blade to be extended effectively. The back of the blade is grooved for better thumb support. Manufacturer's markings are on the clip and both sides of the blade. The clip itself can be unscrewed and attached to the other side, as it is secured by two Torx screws.
