The FN 509® is based on the proven FNSTM COMPACT architecture.

Main Features :

1. Advanced Design:

- Semi-automatic pistol with fired striker.
- Double action operation for optimal responsiveness.
- Adjustable starting weight from 2.49 to 3.49 kg for personalized adaptation.
- Fully ambidextrous controls for total versatility.
- Military grade barrels guaranteeing exceptional reliability.

2. Precision Cannon:

- Cold hammered forged stainless steel barrel.
- Muzzle chamfer with recessed countersinking for increased precision.
- Polished chamber and fuel rail ensuring smooth operation.

3. Performance Slide:

- Easily retractable slide on the rear to accommodate combat sights.
- External extractor and loaded chamber indicator for optimal safety.
- Improved front and rear cocking serrations for easier handling.

4. Robust Charger:

- Low-friction pusher for smooth loading.
- Polymer base with black finish, ensuring durability and style.

5. Ergonomic Carcass:

- Improved grip texture allows for rapid follow-up of shots in all conditions.
- Interchangeable grip backs for a custom fit.
- MIL-STD-1913 accessory mounting rail for extensive customization.

6. Intuitive Operating Controls:

- Fully ambidextrous bolt catch lever for easy handling.
- Magazine stopper for convenient loading management.

Offering an exceptional combination of precision, reliability and versatility, this semi-automatic pistol redefines performance standards. Experience functional excellence with every shot.

Delivered with :
