### Lightweight, streamlined pants for quick, short-term operations

The RAIDER combat pants are intended for the military and members of the police.

In this version it features ATS fabric developed with Cordura.

In addition to being very light, the design of the textile provides slight elasticity without the need to use elastane. This contributes to ease of wearing and does not limit movements during dynamic movements.

Ceramic-based knee protection greatly reduces wear due to friction.

Using a Rip-Stop textile based on nylon and cotton, it allows the material to dry quickly

CLAWGEAR has integrated 8 easy-access and intuitive pockets and locations. Large pockets with Canadian buttons, zipped side pockets, slots for knives, chargers, etc.

In terms of ergonomics, the pants have adjustment at the waist and behind the knees.
