A true match weapon, the Demolitia is an exceptional weapon in the same vein as its big brother the Apache. Developed in collaboration with Demolition Ranch, this 2011 is made for nothing but performance, accuracy and rapidity of fire. No detail has been left to chance between its prominent grip grooves, its grip, its travel and its trigger weight...

Its perforated cylinder head offers a significant weight saving at the front, thus reducing mass transfer during cylinder head movements.

Its perforated barrel on the upper part promotes stability when firing the weapon. The evacuation of gases from the top limits the raising of the barrel and makes it easier to maintain the line of sight.

The Demolitia in this gold finish is a true extension of your hand while providing a crazy aesthetic...

Equipped with a PVD treatment, it offers multiple functions. Being ultra resistant, it will protect the weapon from scratches and blows, while facilitating cleaning, thanks to its non-porous surface.

In addition, PVD brings incredible fluidity to the mechanics.

It will outperform any 1911 you will find on the market.
