Muzzle brake to limit the recoil of the weapon when firing

Specifically designed for .30 / 7.62 caliber rifles, the SOW™ stands out for its technical dual-cavity design, effectively reducing recoil and weapon lift. Ideal for demanding professional or enthusiast shooters, this accessory improves the stability and accuracy of shots, even during rapid sequences. Thanks to its M14x1 LH thread, it can be easily installed on AK or STG 58 platforms, without weighing down the weapon thanks to its optimized weight.

Technical characteristics:

- **Caliber** : .30 / 7.62
- **Thread** : M14x1 LH
- **Weight** : 94 grams
- **Material** : High quality steel
- **Finish** : Wear-resistant black nitriding
- **Design** : Double cavity for optimal recoil management
- **Compatibility** : AK and STG 58 platforms
- **Accessories included** : ABS case for secure transport

Robust and durable, the SOW™ muzzle brake is made of high-quality steel and has a black nitrided finish, ensuring increased resistance to wear and harsh conditions. Its compact and functional design allows it to integrate harmoniously with equipment without compromising on efficiency. Whether for sport shooting or more demanding missions, it perfectly meets the expectations of users looking for a reliable and efficient solution.

Choosing the SOW™ muzzle brake means choosing increased control and proven efficiency, whatever the challenge.
