The guide rod ensures perfect alignment of the spring to guide the slide back during re-cocking cycles.

The recoil spring guide rod for 1911 pistol plays a fundamental role in the mechanics of the weapon. It ensures the perfect maintenance and alignment of the recoil spring during the opening and closing cycle of the slide. This reduces friction, optimizes the fluidity of the movement and limits the wear of internal parts, thus ensuring constant performance and a better longevity of the weapon.

Compatible with Colt 70 series pistols.
