YTS118	9x19mm (9mm Luger)	Vente libre	16.00 € incl. tax

The recoil spring ensures a smooth and stable mechanical cycle, absorbing recoil energy to protect the weapon's components.

The recoil spring plays a key role in absorbing the energy generated by the recoil after each shot, which helps return the slide to its original position and prepare the weapon for the next shot. A reliable spring is essential to prevent malfunctions, reduce wear on internal components and ensure a smooth cycle.

Compatible with Colt 70 series pistols.
