YTS117	BOUCHON DE RESSORT RECUPERATEUR 1911	Vente libre	30.00 € incl. tax

This recoil spring cap is ideal for replacing a worn part or for maintaining the optimum performance of your weapon.

The recoil spring cap for 1911 is a critical part of the internal mechanics. Located in front of the recoil spring, it keeps it compressed while absorbing the energy generated by the recoil of the slide. A robust and precise design of this part is essential to ensure a smooth cycle and reduce wear on other components.

Compatible with Colt 70 series pistols.
