YTS114	Slide Stop for 1911 A1 .45 ACP (.45 Auto)	Vente libre	40.00 € incl. tax

The bolt stop is a critical part that locks the bolt in the open position after the last cartridge.

The 1911 A1 slide stop is responsible for holding the slide in the open position when the magazine is empty, facilitating reloading and visually signaling that the weapon is ready for a new cartridge. It also allows the slide to be released for smooth and fast operation.

Compatible with Colt 70 series pistols.
