MA43010	Audere Shadow BP0002 bipod ARCA rail	Vente libre	24.5	299.00 € incl. tax

Carbon fiber legs and aluminum body.

The Audere Shadow bipod is designed for demanding sport shooters, offering an optimal combination of lightness and robustness. Its carbon fiber legs and aluminum body reduce the total weight to only 300 grams, making it easy to transport and handle in the field.

Technical characteristics:

- **Materials** : Carbon fiber legs, aluminum body
- **Weight** : 300 grams
- **Adjustable height** : 195 mm to 245 mm
- **Height adjustment positions** : 4 positions, every 20 mm
- **Foot adjustment** : 5 angles of 45°
- **Interchangeable feet** : Rubber and stainless steel
- **Tilt adjustment** : 40° range
- **Compatibility** : ARCA rail

The bipod height is adjustable between 195mm and 245mm, with four adjustment positions spaced 20mm apart, allowing for quick adaptation to various shooting situations. The legs can be adjusted independently to five 45° angles, providing maximum flexibility on uneven terrain. In addition, they are equipped with interchangeable rubber and stainless steel feet, included in the box, to adapt to different surfaces.

The extended lever allows for easy tilt adjustment over a 40° range, while the rearward positioned controls ensure easy operation without requiring the shooter to change position.
