The **DDM4 V7P** is a compact tactical weapon that embodies Daniel Defense's quality and innovation. Its **10.3-inch barrel** , made of cold-forged steel, ensures increased durability and consistent accuracy. The AR15 platform used here is optimized for tight environments, while maintaining performance worthy of full-size weapons.

The **MFR 9.0 M-LOK rail** , made of lightweight aluminum, offers exceptional modularity, allowing the rapid addition of optics, grips and other tactical accessories. The ergonomic pistol grip and SB Tactical stabilizing stock ensure a comfortable grip and optimal control.

Designed to meet the needs of professional shooters and tactical shooting enthusiasts, the **DDM4 V7P** excels in the fields of personal defense, tactical missions and shooting competitions.
