- 16" barrel or 40.64 cm - No 1:7 groove
- Anodized cerakote coating
- Comes with 10-round magazine, front hand grip & polymer case
- Made in USA

The **Daniel Defense DDM4 V7** is a semi-automatic rifle in 5.56 NATO caliber, designed to deliver reliable performance and unmatched accuracy. Its 16-inch barrel, manufactured by cold hammer forging, ensures exceptional durability, even under intensive use.

The **MFR 15.0** rail, made of 6061-T6 aluminum, is M-LOK compatible, offering exceptional modularity for adding accessories such as optics, grips, lights or laser devices. Its lightweight design improves handling and reduces fatigue during long shooting sessions.

The Mid-Length Gas System optimizes the weapon's operation by reducing recoil and ensuring a smooth and reliable firing cycle. The Cerakote Mil-Spec+ finish protects the weapon from the elements, ensuring a long service life, even in extreme weather conditions.

The Daniel Defense ergonomic stock and grip add comfort and stability, allowing shooters to focus on their performance whether on the range or in the field.
