Compact, powerful, easy to handle: the DDM4 PDW SBR excels in demanding situations and tight spaces.

The DDM4 PDW SBR combines compactness and performance. Equipped with a 7-inch cold-forged barrel and an optimized gas system, it offers exceptional power in an ultra-maneuverable format. Ideal for personal defense, demanding tactical environments and close-quarters sport shooting, it is a weapon of choice for professionals and enthusiasts.

- Ultra compact AR15 platform, ideal for CQB or TSV
- its 7-inch barrel (17cm Cat.A1-reserved for law enforcement)
- or 10 inches 25cm (cat.B 2 b) - subject to authorization.
- No scratch 1:7
- And its easy-to-carry Maxim Defense folding stock.
- Lightweight and adaptable thanks to its omega rail with M-Lok interface
- Anodized black cerakote coating.
- Supplied in polymer case with 1 10-round magazine.
- Made in USA.

The **DDM4 PDW SBR** is a compact, high-performance rifle, specifically designed to meet the needs of demanding tactical environments and users looking for maneuverability and power in a small format. Equipped with a 7-inch barrel made of cold-forged chrome-molybdenum-vanadium steel, this weapon guarantees exceptional accuracy and increased durability.

The pistol-length gas system improves the weapon's operation, providing smooth and reliable firing, even with subsonic ammunition. The exclusive Daniel Defense flash suppressor improves stealth and reduces flash

in low-light conditions, making it a major asset for tactical missions.

Its 6-inch M-LOK® SLiM Rail handguard optimizes ergonomics and provides a modular platform for adding essential accessories such as lights, grips or optics. The ultra-compact aluminum stock enhances the weapon's handling while ensuring robustness and stability.

Made from hard-anodized 7075-T6 aluminum, the DDM4 PDW SBR is built to last, even under heavy use. Ideal for close-quarters defense, sport shooting in tight spaces or tactical interventions, it represents a compact and powerful solution for professionals and demanding enthusiasts.
