Stability, comfort, precision: adopt the M-LOK® vertical front grip for optimal control of your weapon.

The Daniel Defense M-LOK® Vertical Foregrip is designed to improve the stability and control of your weapon. Compatible with M-LOK® handguards, it installs easily and guarantees superior comfort for extended shooting sessions. Made of robust polymer, it combines lightness and durability.

Technical characteristics:

- **Compatibility** : Handguards with M-LOK® interface
- **Material** : Durable reinforced polymer
- **Dimensions** : Compact size for optimal handling
- **Weight** : Light for minimal impact on weapon balance
- **Attachment** : Quick and secure installation with the M-LOK® system
- **Ergonomics** : Textured design for a firm and comfortable grip

The **Daniel Defense M-LOK® Vertical Foregrip** is an essential accessory to improve the control and accuracy of your weapon. Its ergonomic design reduces fatigue during long shooting sessions while providing a firm and comfortable grip, even in difficult conditions.

Made from reinforced polymer, this grip is lightweight yet incredibly durable, able to withstand the rigors of tactical or sporting environments. With its M-LOK® mounting system, it installs quickly and securely on your compatible handguard, without adding unnecessary weight.

Ideal for sports shooters, professionals or shooting enthusiasts, the M-LOK® Vertical Foregrip offers a practical solution to enhance your shooting experience. Whether for rapid fire or situations requiring increased precision, it ensures optimal stability and maneuverability.
