DDUV718	Upper V7 Pro canon lourd 18	B	5.56x45 (223)	45.72	2381	M-Lok	2362.00 € incl. tax

Transform your rifle with the DDM4 V7 PRO upper receiver: designed for demanding competitive shooters.

The Daniel Defense DDM4 V7 PRO Upper Receiver, with its 18-inch barrel and 15-inch M-LOK® SLiM Rail handguard, delivers optimized performance for sport shooting and competitions. With military-grade materials and advanced design, it is built to exceed your expectations.

- Heavy 18" (45.72 cm) cold hammered barrel chambered in .56 NATO cal rifled at 1:7 pitch
- DANIEL DEFENSE Climb Mitigator muzzle brake, limiting recoil and disturbances caused by gas evacuation.
- MILSPEC cylinder head group M16 profile
- Direct gas operation with low profile gas block
- 15" (38.10 cm) MFR handguard with 21mm MILSTD 1913 Picatinny/Weaver rails and M-LOK mounting system, for significant weight savings and increased barrel cooling.
- Comes with DANIEL DEFENSE GRIP-N-RIP handle made of fiberglass polymer.
- QUICK DETACH (QD) strap location
- Available in anodized black finish

Technical characteristics :

- **UPPER RECEIVER** : Mil-Spec, manufactured from 7075-T6 aluminum by means of a, CNC machine, Type III Hard Coat Anodized

- **CYLINDER HEAD GROUP** : Profile M16, Mil-Spec
- **FRONT** : Daniel Defense MFR 15", CNC machine made from 6061-T6 Aluminum, Type III Hard-Coat Anodized

Made in the USA!

All DANIEL DEFENSE parts are subjected to meticulous tests and trials, in compliance with military standards (magnetic test to detect any defects)

The guns chambered in 5.56x45 mm, are designed to withstand in the long term, military-type ammunition developing a pressure and energy appreciably higher than that of the .223 Rem, which is the civilian equivalent.

The advantage of opting for an Upper with an 18 " barrel is to gain in precision but also to take the 5.56 mm ammunition to greater distances.
