Replace or upgrade the core of your AR-10 with the Daniel Defense Firing Pin, designed for optimal performance.

The Daniel Defense 7.62mm AR-10 Firing Pin is designed to deliver reliable and consistent performance. Made from premium materials, it withstands the rigors of tactical environments and ensures perfect primer ignition with every shot.

The **Daniel Defense 7.62mm AR-10 Firing Pin** is designed to meet the expectations of shooters looking for reliability and durability. Made of high-strength steel, it is carefully machined to ensure perfect accuracy and compatibility with 7.62mm AR-10 platforms.

This firing pin is ideal for replacing a worn part or improving the performance of your weapon. Its design guarantees constant ignition of the primers, even in difficult conditions, thus ensuring safe and accurate shots. Compatible with a wide range of AR-10 configurations, this component is an essential part for professional shooters, competitors or long-range shooting enthusiasts.

Built to withstand wear and tear, the Daniel Defense Firing Pin features a corrosion-resistant finish for increased longevity. Whether used for intensive training or critical missions, it delivers reliable performance with every shot.
