Maximize your weapon's performance with the Daniel Defense Muzzle Brake, designed for control and discretion.

The Daniel Defense muzzle brake improves the stability and accuracy of your weapon. Designed to effectively reduce recoil and minimize flash, it perfectly meets the needs of demanding shooters, both amateur and professional.

- Thread: 1/2 x 28 TPI
- Length: 1.875" or 4.762cm
- Made in the USA!

The **Daniel Defense muzzle brake** is designed to optimize the performance of your weapon, whether it is for competitions, tactical missions or sport shooting sessions. Made of robust stainless steel, it guarantees exceptional durability, even in the most demanding conditions.

This muzzle brake effectively reduces recoil, improving control and providing better stability for fast and accurate shots. In addition to these benefits, it also minimizes flash to improve stealth in tactical conditions. These features make it ideal for professional use or in sensitive environments.

Compatible with 5.56mm calibers, this muzzle brake easily installs on barrels with standard threads. Its sophisticated design and durable construction make the Daniel Defense muzzle brake an essential choice to maximize your performance.
