DDZ007	Cache Flame Flash Supressor type A2 Daniel Defense 1/2x28	Vente libre	1/2 x 28	49.00 € incl. tax

Reduce muzzle flash and improve stealth with the rugged, high-performance Daniel Defense A2 Flash Hider.

The **Daniel Defense A2 Flash Hider** is an essential accessory for any shooter looking to improve the stealth and performance of their firearm. Inspired by standard military design, it offers a proven solution to minimize muzzle flash and light interference.

Effective Flash Reduction

Designed to reduce the visual signature of your shots, the A2 flash hider improves your stealth, whether on a tactical mission or at the shooting range.

High Strength Material

Constructed from heavy-duty steel, this flash hider is designed to withstand the most demanding conditions. Its Mil-Spec phosphate finish protects it against wear, corrosion and the elements.

Simple and Secure Installation

The flash hider comes with a crush washer, allowing for quick and secure installation on your 5.56mm chambered guns. It fits perfectly on 1/2"-28 threaded barrels.

Daniel Defense Performance

Designed to meet the highest standards, this accessory is ideal for security professionals, armed forces or sport shooters looking for a reliable and durable solution.
