- **Weight** : 382 g
- **Attachment system** : M-LOK
- **Coating** : Type III anodizing, matte black
- **Compatibility** : AR-15/M4 platforms
- **Design** : Low-profile for improved ergonomics
- **Included Accessories** : Barrel nut and mounting hardware included

The RIS III 12.5" Black M-LOK rail is a high-end system developed by Daniel Defense to meet the needs of professional shooters and shooting enthusiasts. Made of aircraft-grade 6061-T6 aluminum, it offers optimal strength while remaining lightweight. This model incorporates M-LOK technology, allowing quick and secure attachment of your accessories such as tactical lamps,

optics or handles.

This rail, with an ideal length of 12.5 inches, offers a large surface area to customize your configuration while maintaining a reduced weight for increased maneuverability. Its low-profile design improves the grip and balance of the weapon, ensuring superior performance in all situations, whether tactical missions or sporting competitions.

Its Type III anodized coating guarantees excellent resistance to corrosion and scratches, extending its lifespan even in the most demanding environments. The RIS III 12.5" is designed for AR-15/M4 platforms, making it a perfect addition for shooters looking for a reliable, versatile and durable rail.
