Ergonomics, control and robustness: improve your grip with the Daniel Defense vertical handle!

Designed to provide optimal grip and increased maneuverability, the Daniel Defense vertical grip is available in two versions: for Picatinny rail or for M-LOK system. Strong and lightweight, it is ideal for professional and sports shooters looking for perfect control in all situations.

- Slim and ergonomic design
- Mounts on M-LOK® or Picatinny rail.
- Lightweight and durable polymer structure
- Soft-touch coating on each side

The Daniel Defense Vertical Grip is an essential accessory for tactical weapons. Made of reinforced polymer, it combines lightness and durability, ensuring exceptional performance in all conditions. Its ergonomic design significantly improves stability and control, whether for rapid or precision shots.

Available in two variants, for Picatinny rail or M-LOK system, it offers universal compatibility with modern platforms. The mounting system is designed for quick and secure installation, allowing a perfect fit without complex tools.

With its non-slip texture, this grip ensures a firm and comfortable grip, even in humid environments or under intense stress. Whether you are on a tactical mission, in competition or during sport shooting sessions, the Daniel Defense vertical grip optimizes your experience.
