The Daniel Defense M-LOK Picatinny Rail Section is an essential accessory to customize and upgrade your weapon. Compatible with M-LOK systems, this rail is made of aircraft-grade 6061-T6 aluminum, offering exceptional lightness and strength.

Available in multiple lengths, it allows you to easily mount accessories to your weapon while ensuring a secure fit. The M-LOK system guarantees quick installation and reliable retention, even in extreme conditions. Its Type III anodized coating protects against corrosion and wear, thus extending the life of your equipment.

This rail is perfect for demanding shooters, whether professional or sport shooting enthusiast, and is a versatile addition to modern platforms.
