The Kimber RAPIDE Scorpius in 9x19mm caliber combines power, precision and sophisticated aesthetics. Developed for professional shooters, competitors and tactical shooting enthusiasts, this 1911 pistol combines cutting-edge technology and superior quality finishing.

High-End Design and Construction

Constructed from machined stainless steel with a two-tone black and gray KimPro II finish, the RAPIDE Scorpius is built to withstand the most extreme conditions. Lightening windows on the slide reduce weight and improve cycle speed, ensuring fast, accurate shots.

Textured G10 grips provide optimum grip, even in the most demanding environments. The slide and frame feature non-slip surfaces for safe and efficient handling.

Unmatched Precision and Performance

Equipped with a 5-inch match-grade barrel, the RAPIDE Scorpius in 9x19mm delivers formidable accuracy with every shot. Its adjustable Skeletonized trigger provides a clean and consistent release, essential for sport and tactical shooting.

The sighting system consists of an illuminated front fiber optic and a fixed rear sight, ensuring fast and accurate target acquisition, even in low light conditions.

With a capacity of 10 shots (9+1) and studied ergonomics, this pistol is ideal for competitions, tactical training and recreational shooting. Each weapon is rigorously tested to guarantee impeccable quality from the first use.
