- **Finish:** Corrosion resistant stainless steel

The Kimber Stainless Target II pistol is designed to excel in accuracy and durability. Made from stainless steel, it offers exceptional resistance to wear and corrosion, making it ideal for intensive shooting sessions and professional training.

Elegant Design and Sturdy Construction

Its all-brushed stainless steel design gives the Stainless Target II a timeless and professional look. Precision machining ensures a perfect fit between the slide and the frame, providing exceptional smoothness of operation.

The laminated wood stock plates are ergonomic and provide a firm and comfortable grip, even during prolonged shooting. The wide trigger guard and ambidextrous safety make it easy to use for both right and left-handed users.

Competition Level Accuracy

The Stainless Target II features a 5-inch match-grade barrel that ensures surgical accuracy with every shot. Its adjustable trigger ensures a clean and consistent release, ideal for sport shooting and precision competitions.

The sighting system consists of a fully adjustable rear sight and a sharp front sight for fast, accurate target acquisition. Whether on the shooting range or in competition, the Stainless Target II delivers consistent, reliable performance.

Each weapon is factory tested to ensure optimum performance from the first use.
