Kimber 1911 pistols are among the most popular among sporting shooters.

The Kimber Custom TLE/RL II .45 ACP pistol is designed to excel in any situation, whether it's tactical missions, competitions or personal defense. Its legendary accuracy and rugged construction make it a must-have for professional shooters.

Tactical Design and Total Resistance

Made from high-grade stainless steel, the Custom TLE/RL II features a KimPro II black finish, which provides superior protection against corrosion and wear. The front and rear gripping surfaces are finely machined to ensure secure handling in all conditions.

Textured G10 stock plates ensure a firm and comfortable grip, even with gloves. The integrated Picatinny rail allows the addition of tactical accessories such as lights or lasers, increasing the pistol's versatility in the field.

Competition-Level Accuracy and Performance

The 5-inch match-grade barrel delivers surgical accuracy and unmatched reliability, even under sustained fire. The adjustable match-grade trigger ensures a clean, consistent release, essential for accurate shooting.

The sighting system consists of high-visibility tritium dots, allowing for rapid target acquisition, even in total darkness. The ambidextrous safety and wide trigger guard facilitate use by both right and left-handed users.

Each pistol is individually factory tested to ensure optimum performance right out of the box, making it a trusted choice for professionals and discerning shooters.
