Combine timeless style and exceptional accuracy with the Kimber Stainless II .45 ACP, a 1911 pistol designed for demanding shooters.

The Stainless II family's precision, reliability and renowned Kimber features set the standard against which all other 1911 models and brands are measured.

- 5" (12.7cm) barrel in Match quality steel with a rifling pitch of 1:16" (406mm, rifling on the left)
- Stainless steel finish slide with deep grip grooves
- Low profile fixed riser combined with fiber optic front sight
- Aluminum perforated trigger tail
- Checkered wooden grip with Kimber logo
- Capacity: 7+1

The Kimber Stainless II .45 ACP is the perfect blend of tradition and modern technology. Its sleek design, combined with premium components, ensures impeccable performance in competition, training or personal defense.

Classic Design and Sturdy Construction

Made from brushed stainless steel, the Kimber Stainless II combines strength with sleek aesthetics. Its corrosion-resistant finish ensures maximum durability, even in wet or harsh environments.

The laminated wood stock plates are textured to provide a comfortable and secure grip. The slide and frame are precisely machined to ensure smooth and reliable operation.

Competition Level Accuracy

Equipped with a 5-inch match-grade barrel, the Stainless II guarantees exceptional accuracy, shot after shot. Its light, adjustable trigger provides a clean and consistent release, essential for optimal performance in competition or during training sessions.

The three-dot sighting system provides fast and accurate target acquisition, even at long ranges. The ambidextrous safety and wide trigger guard allow for versatile use, suitable for both right and left-handed users.

Every Kimber gun is factory tested to ensure flawless operation right out of the box, ensuring reliable, long-lasting performance.
