Protect your hearing without compromising communication with the CAS1021 electronic noise-canceling headset. Sound performance and professional comfort guaranteed.

- 4 microphones (360° listening): Stereo sound.
- Noise attenuation of approximately 21 dB (SNR): H=24 dB M=18 dB L=13 dB
- Automatically triggers from 82 dB
- Power supply: 2 LR03 AAA 1.5 Volt alkaline batteries (not included)

The NUM'AXES CAS1021 electronic ear defender is an ideal choice for security professionals, sport shooters and hunters. Featuring a robust and ergonomic design, it offers active hearing protection thanks to its impulsive noise attenuation system. Built-in directional microphones pick up ambient sounds such as human voices, ensuring clear communication and better awareness of the environment.

The foldable design and adjustable headband ensure optimum comfort even during long use sessions. The soft, insulating ear cushions ensure a perfect acoustic seal while avoiding excessive pressure on the ears.

Thanks to its battery operation, the CAS1021 benefits from extended autonomy, thus ensuring continuous protection in noisy environments. Its intuitive use and high durability make it an essential equipment for professionals and amateurs concerned about preserving their hearing.
