Dominate every mission with the Victrix Gladio V Series: the ultimate precision military rifle, designed for the most demanding tactical operations.

The Victrix Gladio V Series military rifle redefines ballistic excellence. Designed for military missions and special operations, it delivers formidable accuracy, even in extreme conditions. With a one-piece aircraft aluminum chassis, a competition barrel and advanced ergonomics, it meets the needs of professional snipers and demanding armed forces.

- Benchmark match quality rifled barrel in AISI 416R.
- Stock with multiple lever horizontal and vertical adjustments, retractable monopod with quick position adjustment and fine adjustment, and insulated cheek piece.
- Single-feed, single-stack 7-round magazine
- EVO button reversible folding system
- Octagonal elliptical fork with M-LOK® system, an integrated one-piece 20 MoA top rail and an integrated one-piece rail for mounting a bipod according to STANAG 4694/Mil std 1913

- Ergonomic and interchangeable zero angle flat stock for standard AR platform
- 20 MoA action rail according to STANAG 4694/Mil std 1913
- Detachable multifunctional carrying handle with quick release
- Victrix ProAngle removable muzzle brake with 3 forward-angled chambers
- Short action in AISI 630 made from billet by milling and turning with finishing on electrical discharge machines and grinding. Breech with three asymmetrical lugs: the first lug on the top of the barrel in a vertical position (at 12 o'clock), two lateral lugs arranged at a lift angle of 105 degrees, integrated dirt/glass grooves
- PVD finish on the mechanism and the breech.
- Victrix Professional Double-action trigger, convertible to single-action trigger, with two-position top safety: standard setting approximately 1000 gr (35.27 oz)
- Explorer Cases Carrying Case
- User manual and welcome kit
- **Rifle scope and bipod not included**

The Victrix Gladio V Series is a military precision rifle designed to surpass modern tactical standards. Featuring a precision-machined, one-piece 7075-T6 aluminum chassis, it ensures exceptional stability and consistent accuracy, even after long series of shots. Its match-grade stainless steel barrel is specially designed to ensure surgical accuracy, even at long distances.

The adjustable trigger system provides a clean and precise trigger, customizable according to the shooter's preferences. The rifle also features a stock adjustable in length and height, allowing a perfect fit to the shooter's morphology for maximum comfort and stability.

Compatible with many tactical accessories thanks to its integrated Picatinny rails, it allows the mounting of precision scopes, bipods and night vision devices. The Victrix Gladio V Series is the ideal rifle for long-range tactical missions, special interventions and precision shooting competitions.
