Achieve long-range shooting excellence with the Victrix Venus V, engineered for unmatched accuracy and superior performance in the field.

The TLD Victrix Venus V rifle is the ideal choice for precision shooters and demanding competitors. With a one-piece aircraft aluminum chassis, match-grade barrel and adjustable trigger system, it delivers exceptional accuracy over long distances. Versatile, ergonomic and with an impeccable finish, the Venus V is designed to dominate competitions and excel in tactical environments.

- Reference olive-rimmed barrel in AISI 416R
- Stock with multiple horizontal and vertical adjustments and insulated adjustable cheek piece, equipped with an Anschutz type rail on the lower face
- 7-round single-column polymer magazine + 1 round in the chamber.
- High-strength monobloc chassis in light alloy

- Lightweight alloy front profile equipped with a lateral M-LOK® system and QD (Quick Detach) attachments, an integrated Anschutz-type rail in the middle and an integrated Arca rail along the entire length
- Ergonomic, interchangeable zero-angle flat top handle for standard AR platform
- 20 MoA Action Rail
- Victrix ProAngle Venus V removable muzzle brake with 4 forward-angled chambers
- Short action in AISI 630. Asymmetrical 3-lug breech head
- Matte PVD finish on the rocker and polished PVD finish on the cylinder head
- Victrix Sporting Plus single-stage adjustable trigger with two-position safety: standard setting approx. 400 grams (14.11 oz)
- Protective bag for safe transport
- Explorer transport case cod. 13513
- User manual and welcome kit
- **Rifle scope and bipod not included!**

The TLD Victrix Venus V rifle is specially designed for demanding shooters who want to maximize their accuracy over long distances. Its one-piece 7075-T6 aluminum chassis, machined with millimeter precision, guarantees optimal rigidity and stability. This helps minimize vibrations and optimize every shot, even over the most extreme distances.

Its match-grade stainless steel barrel delivers surgical precision, ensuring tight and consistent groupings. The adjustable trigger system allows for precise adjustment of pressure and travel, providing a personalized and professional shooting experience.

The fully adjustable stock ensures optimum comfort, even during long shooting sessions. It adapts to the shooter's morphology thanks to fine adjustments in length, height and inclination. The integrated Picatinny rails allow you to mount precision shooting scopes, bipods and other accessories essential to the success of your long-distance shooting missions.

With the Victrix Venus V, every shot becomes a demonstration of mastery and precision. Ideal for TLD shooting competitions, military training and specialized interventions, it sets a new standard in ballistic performance.
