Made by Messerschmitt on old HK machines used for the MP5.

Designed in the 1960s by Heckler & Koch, the MP5 has become the weapon of choice for many elite law enforcement and military units specializing in hostage rescue and counterterrorism operations.

Technical characteristics:

- **Caliber:** 9x19mm Parabellum
- **Firing mode:** Semi-automatic
- **Barrel Length:** 8.9" (225 mm)
- **Magazine capacity:** 10 rounds
- **Mechanism:** Roller lock, closed breech
- **Fire selector:** Single shot / safety
- **Stock:** Fixed
- **Empty weight:** Approx. 2.5 kg

Designed for the most challenging operational environments, the MP5 9x19mm is a benchmark in tactical weaponry. Its modular design and roller-locking breech mechanism ensure exceptional accuracy and field-proven reliability.

The precision barrel ensures a smooth and stable bullet trajectory, even at long ranges. Its high rate of fire and low recoil allow for fast and accurate shots, ensuring maximum effectiveness during tactical missions. The MP5 is also equipped with a three-position fire selector (single shot, short burst, automatic), providing complete operational flexibility.

Ergonomics are optimized with its textured pistol grip, adjustable stock and foregrip for a secure and comfortable grip. The integrated Picatinny rail allows for the mounting of essential accessories such as optics, tactical lights and foregrips.

Its compatibility with a wide range of high-capacity magazines and tactical accessories makes it a preferred choice for law enforcement, response teams and security professionals.
