**Dominate the battlefield with the Victrix Gladio T-Series, a military rifle designed for the most demanding tactical operations and long-range precision shooting.**

The Victrix Gladio T-Series military rifle is the ultimate weapon for tactical missions and long-range engagements. With its one-piece aircraft-grade aluminum chassis and precision-machined free-floating barrel, it guarantees exceptional stability and accuracy. Its adjustable stock and customizable trigger system provide unmatched ergonomics and control, even in extreme conditions.

- Lothar Walther button-fired rifled barrel in AISI 420
- Stock with multiple button horizontal and vertical adjustments, and an insulated cheek piece.
- 10-round double-stack, double-feed metal magazine
- EVO reversible folding system with buttons
- Octagonal elliptical fork with M-LOK® system, an integrated one-piece 20 MoA top rail and an integrated one-piece rail for mounting a bipod according to STANAG 4694/Mil std 1913
- Ergonomic and interchangeable flat handle for standard AR platform
- Integrated 20 MoA action rail according to STANAG 4694/Mil std 1913
- Victrix ProAngle removable muzzle brake with 3 forward-angled chambers.
- Short mechanism in AISI 630 made from billet by milling and turning. Cylinder head with six symmetrical lugs, integrated dirt/ice grooves.
- PVD finish on the mechanism and the breech.
- Victrix Professional double trigger, convertible to single-stage trigger, with two-position upper safety: standard setting. Approx. 1000 gr.
- Explorer Cases carrying case cod. 13513
- User manual and welcome kit
- **Scope; firing handle and bipod not included**

The Victrix Gladio T-Series military rifle is a benchmark in tactical precision weapons. Designed to excel in complex operational environments, it combines cutting-edge engineering with premium materials. Its one-piece 7075-T6 aluminum chassis ensures exceptional rigidity while maintaining a controlled weight, ideal for mobile missions.

The free-floating barrel is made from match-grade steel, providing consistent accuracy even after extended shots. The trigger pull and stroke adjustable allows for complete customization for a clean and accurate shot. Its stock adjustable in length, height and tilt ensures optimal comfort and a perfect shooting posture, essential for long-distance shots.

Its integrated Picatinny rail allows the installation of essential tactical accessories such as precision optics, night vision systems or laser designators. The barrel thread is compatible with sound suppressors and muzzle brakes to reduce recoil and sound signature.

Designed for professional shooters, special forces and military, the Victrix Gladio T-Series is an essential choice for missions where precision and reliability are essential.
