The Victrix Armaments Scorpio T is a high-precision tactical rifle developed to excel in operational missions and long-range shooting competitions. Its aeronautical aluminum chassis guarantees maximum rigidity while reducing the weight of the weapon.

Its cold-hammered stainless steel barrel ensures consistent accuracy and remarkable longevity. The trigger system is fully adjustable to provide optimal control with every shot. Thanks to its folding and adjustable stock, the Scorpio T adapts perfectly to all types of shooters and tactical situations.

The integrated Picatinny rail allows for easy installation of precision optics and essential tactical accessories. Its modular components facilitate customization according to the specific needs of each mission.

Designed for military, law enforcement and experienced precision shooters, the Scorpio T guarantees exceptional results even in the most demanding environments.
