- integrated Anschutz type rail in the middle and an integrated Arca rail running the entire length
- Long single-shot cylinder head in AISI 630 produced from a billet by milling and turning with finishing on electro-discharge and grinding machines.
- Bolt with 3 asymmetrical lugs: first lug at the bottom of the barrel in a vertical position (at 6 o'clock), two lateral lugs arranged at a 105 degree angle, integrated dirt/glass groovesPVD finish on the mechanism and the slide.

- Victrix Sporting Plus Adjustable Trigger, Standard Setting approx. 400 gr (14.11 oz)
- Explorer Cases carrying case cod. 13513
- User manual and welcome kit
- **Rifle scope and bipod not included!**

The Victrix Armaments Scepter V is a rifle designed for ultimate accuracy at extreme distances. It combines a one-piece aircraft aluminum chassis with Swiss precision mechanics to deliver unmatched stability and reliability.

Its cold-hammered stainless steel barrel ensures consistent accuracy, even after thousands of shots. The smooth locking system guarantees fast reloading and safe action. The trigger is adjustable, allowing shooters to adapt their weapon to their shooting preferences.

The ergonomic stock is fully adjustable for optimum comfort and maximum accuracy. The integrated Picatinny rail makes it easy to mount precision optics, rifle scopes and essential tactical accessories.

Designed for long-range shooting professionals, special forces and precision shooting competitors, the Scepter V is the perfect embodiment of combined power and precision.
