- Explorer transport case cod. 13513
- User manual and welcome kit
- folding stock
- barricade stop included
- **Rifle scope and bipod not included!**

The Venus Pro from Victrix Armaments is a precision rifle designed to dominate sport shooting competitions. Built with a one-piece aircraft aluminum chassis, it guarantees perfect stability, essential for consistent and accurate shooting over long competition sessions.

The cold-hammered stainless steel barrel ensures consistent performance and optimum accuracy, even after thousands of shots. The trigger system is fully adjustable for total customization to each shooter's preferences.

The ergonomic and adjustable stock allows for tailored comfort, ensuring an ideal shooting position at all times. The integrated Picatinny rail makes it easy to add optics and competition accessories.

With meticulous attention to technical details and precision engineering, the Venus Pro meets the highest standards of competitive shooting. Whether in the field or in international competition, this rifle is designed to exceed the expectations of professional shooters.
