The Victrix Armaments Crown is a precision competition rifle designed for demanding marksmen and competitors. Its one-piece aircraft aluminum chassis provides exceptional rigidity and perfect vibration absorption, guaranteeing consistent accuracy over extreme distances.

Its cold-hammered stainless steel barrel provides maximum durability and consistent accuracy, even after thousands of shots. The adjustable trigger system allows for total control of each shot, essential for competition accuracy.

The fully adjustable stock allows the weapon to be adapted to all body shapes and shooting positions, ensuring optimal comfort during long shooting sessions. The integrated Picatinny rail facilitates the mounting of rifle scopes and essential accessories for a tailor-made shooting experience.

Whether you're a professional competitor or a precision shooting enthusiast, the Crown is designed to deliver exceptional performance where every millimeter counts.
